

Guidelines for GPDM Restart in Maintenance Window

1. Notify the CAB team & others:

Kindly inform the CAB Team and other relevant stakeholders about the planned outage or scheduled maintenance. Ensure that the communication is sent at least **3–5 days in advance** of the activity.

Email Recipients:

To: David Zuccaro <David.Zuccaro@freseniusmedicalcare.com>; Jonathan Weiss <Jonathan.Weiss@freseniusmedicalcare.com>; Tom Powers <Tom.Powers@freseniusmedicalcare.com>; Alan Steuer <alan.steuer@freseniusmedicalcare.com>
CC: WindChill_AMS <WindChill_AMS@freseniusmedicalcare.com>; ML-Windchill IT <windchill.IT@fmc-na.com>; Olivier de Bruijn <Olivier.deBruijn@freseniusmedicalcare.com>; Ritesh Nagori1 <ritesh.nagori1@freseniusmedicalcare.com>

Subject Line: Windchill GPDM - Planned Outage

Email Body:

Hi All,

GPDM Windchill system will experience restarts on <Date> from <Time> GMT for scheduled maintenance. This is a routine restart of the windchill application services.

System(s)	GPDM Windchill
System Impact	<Date> @ <Time frame> GMT
System Downtime	Yes
System Critical	No

Please let us know if you need more details on this outage.

Thanks in advance 😊

3. Communication after activity completion:

Email Receipients:

To: WindChill_AMS WindChill_AMS@freseniusmedicalcare.com; ML-Windchill IT windchill.IT@fmc-na.com;
Olivier de Bruijn Olivier.deBruijn@freseniusmedicalcare.com; Ritesh Nagori1
ritesh.nagori1@freseniusmedicalcare.com

Subject Line: RE: Windchill GPDM - Planned Outage

Email Body:

Hi All,

The **GPDM Windchill system** is now up and running. A quick sanity check has been completed, and everything appears to be functioning as expected.

Thanks in advance 😊
