

GPDM Polarion Training

GPDM Polarion Training Overview

Please select your project relevant user role(s) on the left. Depending on your role(s), please choose your GPDM Polarion Training on the right, always starting from the top:

Which role do you need?	Modules of the training(s)	GPDM Polarion Training for		
project_user	1. Polarion Basics	Read-only User	General User	Project Admin
project_assignable	2.1 Requirements Management			
project_approver	2.2 Validation & Verification			
project_epm	2.3 Pre-Production Defect Management			
project_testmanager	2.4 Design Requirement Traceability			
project_riskmanager				
project_changeapprover				
project_admin	3. Project Admin			

A detailed description of each role can be found at the end of this page.
An example can be found below.

Example 1: As **project_riskmanager** you need the GPDM Polarion Training for **General Users**. Prerequisite for this training is that you have successfully completed the GPDM Polarion Training for Read-only Users. You need to get trained in:

- 1. Module: Polarion Basics
- AND**
- 2.1 Module: Requirements Management
- 2.2 Module: Validation & Verification
- 2.3 Module: Pre-Production Defect Management
- 2.4 Module: Design Requirement Traceability

Example 2: As **project_admin** you need the GPDM Polarion Training for **Project Admins**. Prerequisite for this training is that you have successfully completed the GPDM Polarion Training for Read-only Users and GPDM Polarion Training for General Users. You need to get trained in:

- 1. Module: Polarion Basics
- AND**
- 2.1 Module: Requirements Management
- 2.2 Module: Validation & Verification
- 2.3 Module: Pre-Production Defect Management
- 2.4 Module: Design Requirement Traceability
- AND**
- 3. Module: Project Admin

GPDM Polarion Training Details

Training preliminaries and the latest information about GPDM Polarion Training can be found in the table below.

Program	GPDM Polarion Roles	Prerequisite	Certificate	Description
1. GPDM Polarion Training for Read-Only Users	project_user	No prerequisite required	Attendance at this training provides a <i>Read-Only User Certificate</i> for read only access to GPDM Polarion. You will be able to explore and read content in a GPDM Polarion project.	This program consists of 1 module and a respective exam. The training provides an overview about the basic functions of the GPDM Polarion system. Training content: 1. Module: Polarion Basics

Overview

- GPDM Polarion Training Overview

Access to GPDM Polarion

[How to get access to GPDM Polarion?](#)

2. GPDM Polarion Training for General Users	• <i>project _approver</i> • <i>project _assignable</i> • <i>project _epm</i> • <i>project _riskmanager</i> • <i>project _testmanager</i> • <i>project _changeapproval</i>	<i>Read-Only User certificate</i>	Attendance at this training provides a <i>General User Certificate</i> for read and write access to GPDM Polarion. You will be able to create and upgrade content in a GPDM Polarion project, approve documents or data objects and create Change Requests.	This program consists of 4 modules and respective exams. The training provides an overview about the main functions related to various capabilities within the GPDM Polarion system. Training content: 2.1 Module: Requirements Management 2.2 Module: Verification & Validation 2.3 Module: Pre-Production Defect Management 2.4 Module: Design Requirement Traceability
3. GPDM Polarion Training for Project Admins	• <i>project _admin</i>	<i>Read-Only User certificate and General User certificate</i>	Attendance at this training provides a <i>Project Admin Certificate</i> for admin access to GPDM Polarion. You will be able to manage a project in GPDM Polarion as a project administrator.	This program consists of 1 module and a respective exam. The training provides an overview about the main functions related to project admin role in GPDM Polarion. Training content: 3. Module: Project Admin

Online Training in Global ComplianceWire

The online training will be provided for existing users and new users.

To quickly get user access to the GPDM Polarion system, we recommend doing the online training.

You will be required to complete all the prerequisite trainings in from of:

- GPDM Polarion Training for Read-only Users
- GPDM Polarion Training for General Users or
- GPDM Polarion Training for Project Admins

Trainings can be accessed in [Global ComplianceWire](#).

To learn how to get access to, and navigate in, Global ComplianceWire please see [this instruction](#).

GPDM Polarion training recordings

To support users in their **GPDM Polarion Online training** and allow those who have completed trainings to have a refresher on GPDM Polarion topics, we have introduced **GPDM Polarion training recordings**. We also invite users to go through the **Training Exercise** using our [GPDM Polarion Training Server](#), which you can use with one of the following trainee accounts:

Trainee	Login	Password
Trainee15	t15	training#1
Trainee16	t16	training#1
Trainee17	t17	training#1

When logging in, please remember to check if the General User Training project is open.

GPDM Polarion Traceability Exercises.pdf

Remaining GPDM Polarion Project Admin training recordings will be added in the future.

Instructor Led Training

The following (virtual) instructor led training sessions will be provided for existing users and new users. Please enroll to the Instructor Led Training sessions in [Global ComplianceWire](#).

If the user can't access Global ComplianceWire for some reason, please submit a "[Training Request](#)" in QuickService which program and session date they want to attend.

In case special training needs are requested such as big groups, please also submit a "[Training Request](#)" in QuickService.

To quickly get user access to the GPDM Polarion system, we recommend doing the Online training in [Global ComplianceWire](#). Afterwards you can still participate in the instructor led training to deepen your knowledge.

TRAINING DATES IN JUNE 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	22-Jun-2026	4PM-6:00PM CET
2. GPDM Polarion Training for General Users (<i>To receive the certificate, it is mandatory to attend all 4 sessions.</i>)		
2.1 Module: GPDM Polarion Requirements Management	23-Jun-2026	4PM-6:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	24-Jun-2026	4PM-6:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	25-Jun-2026	4PM-4:30PM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	25-Jun-2026	4:30PM-5:00PM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	26-Jun-2026	4PM-5:00PM CET

TRAINING DATES IN JULY 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	6-Jul-2026	10AM-12:00PM CET
2. GPDM Polarion Training for General Users (<i>To receive the certificate, it is mandatory to attend all 4 sessions.</i>)		
2.1 Module: GPDM Polarion Requirements Management	7-Jul-2026	10AM-12:00PM CET

2.2 Module: GPDM Polarion Verification & Validation	8-Jul-2026	10AM-12:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	9-Jul-2026	10AM-10:30AM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	9-Jul-2026	10:30AM-11:00AM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	10-Jul-2026	10AM-10:45AM CET

TRAINING DATES IN AUGUST 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	24-Aug-2026	4PM-6:00PM CET
2. GPDM Polarion Training for General Users <i>(To receive the certificate, it is mandatory to attend all 4 sessions.)</i>		
2.1 Module: GPDM Polarion Requirements Management	25-Aug-2026	4PM-6:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	26-Aug-2026	4PM-6:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	27-Aug-2026	4PM-4:30PM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	27-Aug-2026	4:30PM-5:00PM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	28-Aug-2026	4PM-5:00PM CET

TRAINING DATES IN SEPTEMBER 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	7-Sep-2026	10AM-12:00PM CET
2. GPDM Polarion Training for General Users <i>(To receive the certificate, it is mandatory to attend all 4 sessions.)</i>		
2.1 Module: GPDM Polarion Requirements Management	8-Sep-2026	10AM-12:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	9-Sep-2026	10AM-12:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	10-Sep-2026	10AM-10:30AM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	10-Sep-2026	10:30AM-11:00AM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	11-Sep-2026	10AM-10:45AM CET

TRAINING DATES IN OCTOBER 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	19-Oct-2026	4PM-6:00PM CET
2. GPDM Polarion Training for General Users <i>(To receive the certificate, it is mandatory to attend all 4 sessions.)</i>		
2.1 Module: GPDM Polarion Requirements Management	20-Oct-2026	4PM-6:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	21-Oct-2026	4PM-6:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	22-Oct-2026	4PM-4:30PM CET

2.4 Module: GPDM Polarion Design Requirement Traceability	22-Oct-2026	4:30PM-5:00PM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	23-Oct-2026	4PM-5:00PM CET

TRAINING DATES IN NOVEMBER 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	16-Nov-2026	10AM-12:00PM CET
2. GPDM Polarion Training for General Users <i>(To receive the certificate, it is mandatory to attend all 4 sessions.)</i>		
2.1 Module: GPDM Polarion Requirements Management	17-Nov-2026	10AM-12:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	18-Nov-2026	10AM-12:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	19-Nov-2026	10AM-10:30AM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	19-Nov-2026	10:30AM-11:00AM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	20-Nov-2026	10AM-10:45AM CET

TRAINING DATES IN DECEMBER 2026	Session Date	Session Time
1. GPDM Polarion Training for Read-Only Users		
1. Module: GPDM Polarion Basics	7-Dec-2026	4PM-6:00PM CET
2. GPDM Polarion Training for General Users <i>(To receive the certificate, it is mandatory to attend all 4 sessions.)</i>		
2.1 Module: GPDM Polarion Requirements Management	8-Dec-2026	4PM-6:00PM CET
2.2 Module: GPDM Polarion Verification & Validation	9-Dec-2026	4PM-6:00PM CET
2.3 Module: GPDM Polarion Pre-Production Defect Mgt.	10-Dec-2026	4PM-4:30PM CET
2.4 Module: GPDM Polarion Design Requirement Traceability	10-Dec-2026	4:30PM-5:00PM CET
3. GPDM Polarion Training for Project Admins		
3. Module: GPDM Polarion Project Admin	11-Dec-2026	4PM-5:00PM CET

System Role(s) in GPDM Polaron

Role	Responsibility
Project_user	• Read_only access to the project data.
Project_assignable	• Read and write access to the project data. • The role can be assigned to tasks.
Project_approver	• Provide approvals for work items: ◦ Requirements ◦ Testcases ◦ Modification Package ◦ Document Reviews ◦ Review Tasks ◦ etc.
Project_epm	• Engineering project manager role to authorize Anomaly Reports by setting them to status closed.
Project_testmanager	• The role is authorized to modify the verification loop and validation loop attribute, • The role needs to create Validation Plan beforehand, can set "Process Deviation" status to closed.

Project_riskmanager	• The role can close risk assessment Tasks and perform workflow Actions on risk Evaluation Tasks and Anomaly Reports. • Anomaly Report: Only Project_risk_management can set Status from "risk assessment required" and "Perform risk assessment" to "Under Evaluation" and can write in fields: ◦ anomalsafetyimpact ◦ anomalsafetyaffected ◦ anomalyriskassessment • Risk Evaluation: Only Project_risk_management can set Status from "Open" to "no risk" or "to be evaluated" and from "to be evaluated" to "evaluated".
Project_changeapprover	• The role authorizes modification packages by setting status from, "assessed" to "ready to pull"
Project_admin	• Can change project configuration, can delete Work Items and Documents (further Information in GPDM Polarion Project Admin). • Role required in target project to execute migration when using the Data Migration Tool.
Global_read_only	• Read only access to all projects on the server. Granted only in special cases after a specific request in QuickService.
