

Events & Incidents

	Incident Name (Link)	Severity /Criticality	Details information of Incident
1	Dynatrace - HTTP Monitor Global outage	Critical	Polarion global outage - Knowledge Base Global PLM Toolchain (Admin) - blue.space
2	Dynatrace - HTTP monitor local outage for HTTP monitor prod.alm.gpdm.fresenius.com	High	Dynatrace - HTTP monitor local outage for HTTP - Knowledge Base Global PLM Toolchain (Admin) - blue.space
3	Dynatrace - HTTP monitor local outage for HTTP monitor coordinator.alm.gpdm.fresenius.com	High	Dynatrace - HTTP monitor local outage for HTTP Coordinator - Knowledge Base Global PLM Toolchain (Admin) - blue.space
4	Alarm - LicenseUsageTest	Low	License Usage Alarm - Knowledge Base Global PLM Toolchain (Admin) - blue.space
5	Alarm - ThreadStarvationAlarm	Medium	Thread Starvation Alarm - Knowledge Base Global PLM Toolchain (Admin) - blue.space
6	Alarm - ConnectionLeakAlarm	Medium	Connection Leak Alarm - Knowledge Base Global PLM Toolchain (Admin) - blue.space
7	Alarm - Revision Delay Alarm	High	Revision Delay Alarm Operation Activity - Knowledge Base Global PLM Toolchain (Admin) - blue.space
8	Alarm - DiskSpaceAlarm	High	Disk Space Alarm - Knowledge Base Global PLM Toolchain (Admin) - blue.space
9	Alarm - InfiniteLoop	Critical	Infinite Loop Detection - Knowledge Base Global PLM Toolchain (Admin) - blue.space
10	Alarm - AWS_Backup_BackupJob_Failed		AWS_Backup_Backup Job Failed - Knowledge Base Global PLM Toolchain (Admin) - blue.space
11	Alarm - Cron Failure		Cron Failure - Knowledge Base Global PLM Toolchain (Admin) - blue.space
12	User report - system is not available	Critical	Restart Polarion Service - Knowledge Base Global PLM Toolchain (Admin) - blue.space
13	User report - system is slow		To do
14	User report - cannot log in due to license License usage exceeded available number		License Usage Alarm - Knowledge Base Global PLM Toolchain (Admin) - blue.space To DO
15	OPEN Problem 544: Response time degradation on Database service polarion_history		proposed OPEN Problem 544: Response time degradation on Database service polarion_history - Knowledge Base Global PLM Toolchain (Admin) - blue.space
16			
17	To be discussed:		
18	CoordinatorBackupFailAlarm	Medium	Backup check for coordinator - Knowledge Base Global PLM Toolchain (Admin) - blue.space
19	BackupFailAlarm	Open	Backup Check - Knowledge Base Global PLM Toolchain (Admin) - blue.space
20	SessionManager_check		SessionManager_check - Knowledge Base Global PLM Toolchain (Admin) - blue.space
21	CoordinatorCronFailureAlarm	Medium	Coordinator Cron Failure - Knowledge Base Global PLM Toolchain (Admin) - blue.space
22	Polarion Downtime	Critical	In progress Handling Polarion Downtime / Major Incident (MI) - Knowledge Base Global PLM Toolchain (Admin) - blue.space
23			

Critical: - System down and required immediate attention

High:- System available but data integrity may be in danger, requires immediate attention
